

Dear Residents of 103 and 105 West Lodge,

We are pleased to advise that Phase 2 of the parking restoration project has been completed and we are on schedule to commence with the third and final phase (Phase 3). This will be the final relocation* of any vehicles prior to completion in December 2020.

As per previous stages, some vehicles will be required to temporarily be relocated on **Friday, September 11th** as we complete the final phase. We kindly ask that you move your vehicles on this date as fences will be installed on Tuesday September 15th to block the area of construction.

Please Note: the garage entrance access point and exit from the courtyard will be temporarily closed and the key fob access point, as well as, the doors through the courtyard will not be operational during Phase 3. The garage will be only vehicle accessible through the new entrance North of West Lodge Ave with your current key fob.

If you have any concerns pertaining to this matter, please contact the office at 416-537-2364.

We thank you for your anticipated co-operation regarding this matter.

Thank you,

Bina Sookhai
Senior Community Manager
103 & 105 Westlodge

****If you had reached out about a special request for a specific spot#, level, location, all cars registered to the lease to be next to each other, etc., then please send us an email at westlodge@timbercreek.com with "Parking Request" in the subject line, and in the email ensure you include your name, suite#, and specific request. We will do our best to accommodate your request.***
